Subject: FW: Chloroprene Results through September 14, 2020 (OAR)
Attachments: Copy of R6 Summary through Sept 14 2020 color.xlsx

Ned,

Community monitoring results

See the results below, copied from the attached spreadsheet. Remember that the date posted is the sample collection date, not the sample start.

DATE	Units	238 Chad Baker	Acorn and Hwy 44	East St. John the Baptist High School	Fifth Ward Elementary School	Levee	Ochsner Hospital
09/08/20	(µg/m3)	ND	ND	0.166	2.65	0.137	ND
09/08/20 (collocated)	(µg/m3)	--	--	--	9.50	--	--

Continuous Monitoring data

<https://www.epa.gov/sites/production/files/2020-09/documents/continuous-monitoring-summary-march-10-2020-through-september-13-2020.pdf>

The continuous monitoring data is posted to EPA's website and we have results on 9/2 and 9/13.

From our master tracker spreadsheet, there is a false trigger that occurred on 9/8 at SPod 1018 (5th Ward Elementary). No triggers at any other locations on 9/8. Also, no triggers at any locations on 9/6 or 9/7.

Please let me know if you need any additional info at this time. The attached community monitoring results have been shared with the Parish and LDEQ, and will be posted to EPA's site very soon (following our normal process to have our external affairs office update the results sheet).
